PROFILE

Aspiring Software Engineering Technician student at Centennial College with a strong foundation in software development, programming languages, and problem-solving skills. Seeking an internship or entry-level position to apply my technical knowledge and contribute to innovative projects.

EDUCATION

| **2023-2024** | **Centennial College** | **Diploma in Software Engineering Technician** |

GPA : 4.00 / 5.00

Relevant coursework: Object-Oriented Programming, Web Development, Database Management, Software Testing, Data Structures and Algorithms.

SKILLS

- Programming Languages: Java, Python, C++, JavaScript
- Web Technologies: HTML, CSS, React, Node.js
- Databases: MySQL, MongoDB
- Tools & Technologies: Git, Docker, Jenkins, VS Code, IntelliJ IDEA
- Operating Systems: Windows, Linux

PROJECTS

Online Bookstore Application

- Developed a web application using React for the front-end and Node.js for the back-end.
- Implemented user authentication, book catalog, shopping cart, and payment integration.
- Utilized MongoDB for database management and Git for version control.

Inventory Management System

- Created a desktop application using Java and Swing to manage inventory for a small business.
- Designed and implemented features for adding, updating, and deleting inventory items.
- Integrated MySQL database to store and retrieve inventory data.
